

If you have already installed the „old“ model (iR-ADV C5035) of ieu-pr001, ieu-pr029 or ieu-pr030, follow these instructions to **change the printer driver** to support the **new model, iR-ADV C5235**.

➔ **You need to log in as an administrator for this task!**

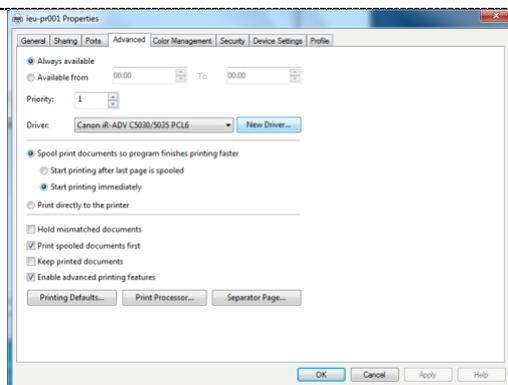

Go to „Control Panels“ via the Start Menu.
Windows 10: Right-click on the Windows icon in the bottom left corner to access the Control Panels.

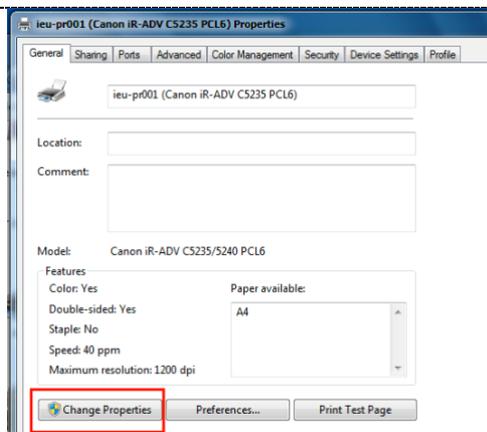

Click on „Devices and Printers“.

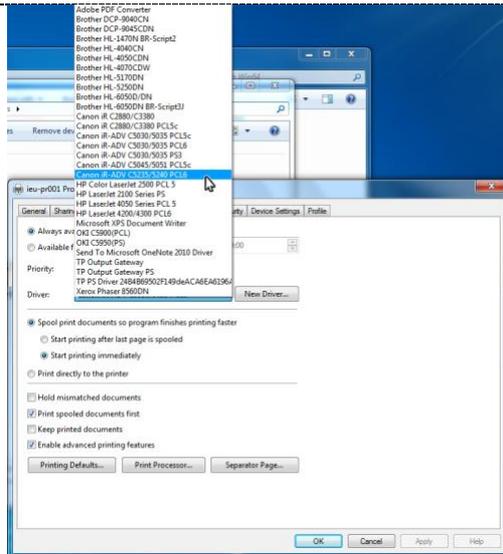

Right-click on the „old“ printer and select „Printer properties“.

At the top of the new window, select „Advanced“.

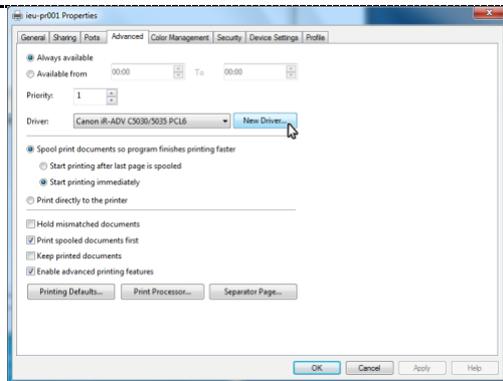

If everything in the „Advanced“ tab is greyed out, go to the tab „General“, click on the button „Change Properties“ and authenticate as administrator. Then go back to the tab „Advanced“, which should now be accessible.

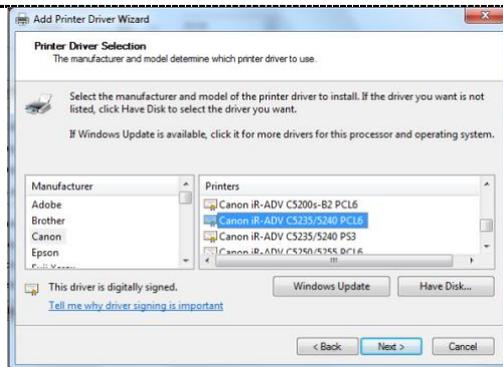

Click on the menu „Driver“ and check if the driver **Canon iR-ADV C5235/5240 PCL6** is already available. If yes, select it, click „Apply“.

Don't close the window yet!

You will now have to re-enable the PIN setting in the Department ID Management. Skip the next 3 steps and continue on the next page.

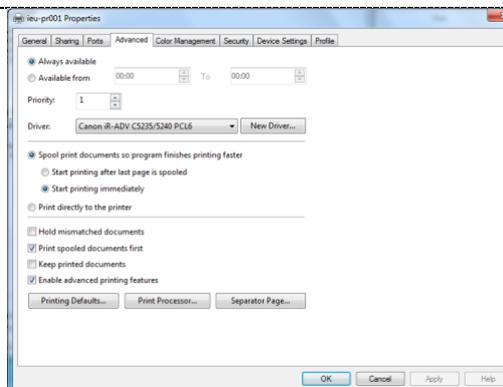

If the driver **Canon iR-ADV C5235/5240 PCL6** does not yet appear in the menu, click on the „New Driver...“ button.

In the new window, select “Canon” in the left row, the select **Canon iR-ADV C5235/5240 PCL6** on the right side.

Make sure that you select the correct driver, there are many with very similar names.

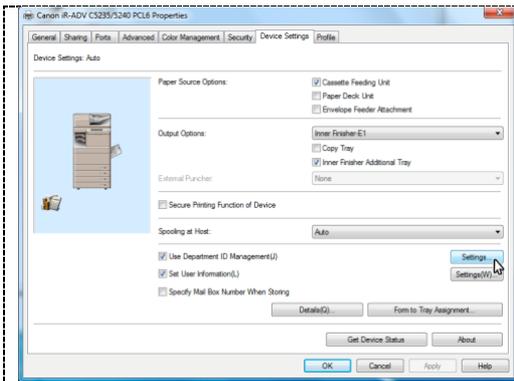

Click „Next“, the click „Finish“.

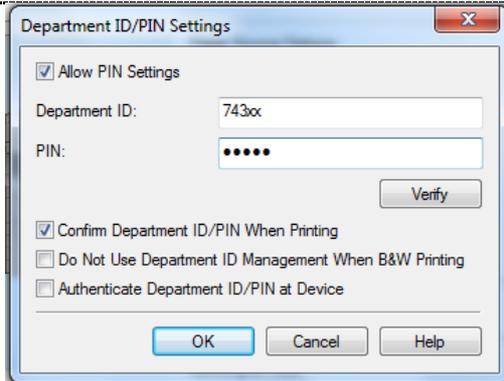

The Driver should now read **Canon iR-ADV C5235/5240 PCL6**
Click „Apply“.

Don't close the window yet!

You will now have to re-enable the PIN setting in the Department ID Management.

At the top of the window, select the tab „Device Settings“ and click on the button „Settings“ near „Use Department ID Management“ (tick this box if it isn't already).

In the new window, check the box „Allow PIN Settings“ and enter the Department ID and PIN, if they are not yet there.

(**Department ID** = first 5 digits of your budget number (Kostenstelle), usually starting with 743..

PIN = the same number, but backwards)

Click OK and close all other windows by clicking OK.

You are now ready to print with the new printer.
